ZERO - RADIATION

About Us

Our youth are our most treasured population, and they deserve to attend school without fear of inside or outside threats. Keep them protected with our Passive Portal™, which provides instant detection of weapons, large and small. Our Passive Scanning Technology™ is zero radiation and therefore poses no health hazard to young people.

Virginia teacher shot by 6-year-old files \$40M lawsuit after she says school ignored warnings

More than 356,000 students have experienced gun violence at school since Columbine

There have been 386 school shootings since 1999, according to Washington Post data current up to May 2023.

This image above is not current as of 2023 it's only up to 2018 but the point is - IT'S OUT OF CONTROL! You never know when the day will come. Let's be pro-active. The cost is PRICELESS.
